

FINDING YOUR READING RATE

Find out how many pages you can read in 10 minutes by timing yourself.

Remember that your reading rate is personalized to you *and* the book you're reading. Calculate a new reading rate each time you start a book.

per week

=

pages
read per
week

- **Have some extra time this week?** Stretch yourself and read an additional 30 or 60 minutes per week.

- **Don't forget to think** about how you will grow and challenge yourself as a reader. Pick a reading challenge to tackle.

Use this number to estimate how long it should take you to finish your book. For example, if your reading rate is 150 pgs/wk and your book is 400 pages long, then it should take you between 2–3 weeks to finish your book.
