FAX (606) 674-2647

Dear Bath County Families:

Our board approved the following actions on Monday, November 23rd.

Motion Based on Governor Beshear's executive order, there will be no in-person classes in the Bath County Schools until a minimum of January 4th, 2021, and all students will remain on remote learning. The Board of Education will review again at our next regularly scheduled board meeting on December 21st.

Based on Governor Beshear's executive order allowing the re-opening of Elementary Schools in "non-red" districts on December 7th, School Age Childcare will re-open using the metric provided by state health on Thursday evenings. If our county is "non-red," School-Age Childcare will resume the following week. If our county is "red," School-Age Childcare will be suspended for the following week. The first guidance decision of this cycle will begin on Thursday, December 3rd, affecting the week of Monday, December 7th.

Beginning the week of December 7th, schools may look at their own discretion bring small groups of students into the building to receive targeted services that supplement learning.

The board voted to have a **Special Board meeting on December 11th at 5:30 pm** to discuss extracurricular/Sports activities. The school board's decision will be based on numbers and any orders made by the Governor at that particular time.

As always, as we receive any additional information through this process, you will be updated.

Thank you,

Harvey Tackett
Superintendent
